2020 Budget Message

Introduction

The District was formed in 2019 for the primary purpose of providing design, financing, acquisition, and construction, of various Public Improvements necessary and appropriate for the development. The Public Improvements will be constructed for the use and benefit of all anticipated inhabitants, property owners and taxpayers of the District.

The 2020 budget was prepared in accordance with the Local Government Budget Law of Colorado. The budget reflects the projected spending plan for the 2020 fiscal year based on available revenues. This budget provides for the general operation of the District.

The District's assessed value is \$ 0.00. The District has not assessed a mill levy for collection year 2020 and is dependent on Developer Funding for all operations.

Budgetary Basis of Accounting

The District uses funds to budget and report on the financial position and results of operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions. The various funds determine the total District budget. All of the District's funds are considered Governmental Funds and are reported using the current financial resources and the modified accrual basis of accounting. Revenues are recognized when they are measurable and available. Revenues are considered available when they are collectible within the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures, other than the interest on long term obligations, are recorded when the liability is incurred or the long-term obligation paid.

Fund Summaries

The **General Fund** is used to account for resources traditionally associated with government such as property taxes, specific ownership tax, developer advances and expenditures which include District administration, legal services, and other expenses related to statutory operations of a local government. The primary source of revenue is from developer advances.

Emergency Reserve

As required under Article X, Section 20 of the Colorado Constitution, the District has provided for an Emergency Reserve in the amount of 3% of the total fiscal year revenues in the General Fund.
